MIGRATION

ADVOCACY

In the first half of the year we have actively contributed to the co-moderation of the joint governmental and non-governmental working groups of the Inter-ministerial Committee Coalition for Refugee Integration.

We have proposed 13 public policy proposals for the Committee. Due to the political instability the Committee activity was suspended and just one of the proposals was solved.

We were involved in moderating and presenting several panels at our national partner's conferences and events.

MIGRATION

COMMUNITY

We took over the secretariat of the Coalition for the Rights of Migrants and Refugee (CDMiR), the main advocacy platform for organizations involved in immigration issues.

We organised the regular meetings of the CDMiR and the annual national conference.

We have promoted the European Citizens' Initiative We are a Welcoming Europe, through which we call for security, solidarity and equal access to justice for refugees coming to the territory of the European Union.

The logo for CDMiR (Coalition for the Rights of Migrants and Refugee) features the text "CDMiR" in a bold, white, distressed font. The letters are contained within a green, hand-drawn rectangular border. A small green square is positioned above the letter 'i'.

OPEN EDUCATION

ADVOCACY

We contributed to the public debate on the Schoolbooks Law and have successfully advocated for the inclusion of the definition of Open Educational Resources as established by UNESCO in the text of the law.

We support the implementation of the OGP commitments relating to education and monitor and contribute to the publication of Open Education Resources on the webpages of the County School Inspectorates.

OPEN EDUCATION

COMMUNITY

We continue to provide the secretariat of the RED Romania Coalition and to moderate the RED community.

We have organised the 2018 edition of the Open Education Conference

CIVIC INVOLVEMENT

Mai responsabili

We launched MaiResponsabili.ro - an online tool for the citizens wishing to evaluate the services provided by the public authorities.

We have piloted the tool by partnering with 3 local authorities: District 1 and 3 from Bucharest, and Iași. Based on the evaluations collected during 6 months we have drafted personalised recommendations for each institution.
